The video sermon series "The Peasant Princess" is a curriculum requirement for Rachel's Home clients, who have a boyfriend/birth-father that would like to continue to pursue a relationship with the client while at Rachel's Home.

The schedule to watch the video is determined by the House Parents and/or Executive Director based upon the visits made to the home by the boyfriend/birth-father.

By initialing the document both the client and her boyfriend and/or the father of her child indicate they have watched each sermon for which they have signed
